The road to the town of Sysert on the road interesting story of the guide

Excursion to the Porcelain Sysert Plant is a folk art craft that preserves and develops the traditions of folk art of the Urals of the XIX-XX centuries.

Our artists and masters create art products from porcelain as household purpose - tea and coffee sets, dining sets and separate subjects, and small-scale and single products of decorative purpose - vases, boxes, the Souvenirs intended for decoration of various interiors.

After the tour, the professional artist of the plant will hold a master class - decorating the cup with a decal and painting plates. All that you do with your own hands - take yourself in memory of the tour

Excursion to the house-Museum of P.P. Bazhov. The Museum is located in the homeland of the writer Pavel Petrovich Bazhov. The Museum is a typical house-estate of working Sysert Factories, once owned by Demidov. The writer was born in the family of a foundry worker, grew up among the same ordinary working people. Here he also heard stories from the life of Ural antiquity, then designed and processed into the book "Malachite Box". In the yard of the house there are farm buildings needed in the village economy (barn, barn, barn, stable), in the garden is still the Museum staff break beds and grow garden crops, typical of the Urals.

15:30 Return to IMP UB RAS (St. S. Kovalevskaya, 18)
